

**Name:** Andrew Bastable

**Placed As:** Business Development Mgr, Workshop Equipment

**Company:** Dometic UK Ltd

## How did you first come to work with Copeland?

You reached out to me via LinkedIn enquiring if I was interested in the job.

## What career goals were you trying to achieve?

I had been with my previous employer for 4.5 years. It was a big step for me to walk away but I wanted to work in the OEM market. The job role and content at Dometic really suited my career ambitions.

## What have been the benefits of working with Copeland?

The communication was great. It gave me confidence to know I was making the right decision. I felt supported all the way through the process.

## What's it like working with Copeland?

I would highly recommend Copeland. I felt supported throughout the recruitment process and feel I have made the right career decision. In the current COVID climate It felt a big risk stepping away from a secure long term job, however working with Copeland made me feel more confident in making the decision to change companies.

It was great working with Julia, I have been able to move to a different part of the motor industry that I really aspired to be a part of - all thanks to Copeland.
