

Name: Michael Payten

Placed As: Fleet Service & Maintenance Manager

Company: WeFlex

How did you first come to work with Copeland?

I replied to an advert you posted for the job.

What career goals were you trying to achieve?

I wanted to take a step up from where I was and push my career forward.

How closely did the role fit your career goals?

Very much so. It's a small company – which is what I wanted. They're an ambitious and growing the company and I like their ethics. All of which fits my personal goals.

What have been the benefits of working with Copeland?

I've got a better job out of it with better career prospects. I just feel like I'm achieving something in my new role. I'm given a free hand – and overall I'm happier.

What's it like working with Julia?

Wonderful – I couldn't recommend you highly enough. I actually felt you were on my side. You put a lot of care and detail into the process and I felt that you genuinely cared about the outcome. You have also followed up afterwards to see how I'm getting on which is great.
